

**University of Wisconsin Extension Master Gardener  
Request for Exemption from Certification Requirements  
for the year 20\_\_\_\_**

I have completed all the other requirements for certification (including, but not limited to, signed UW-Extension Volunteer Behavioral Agreement, MRT and CBC completed), but have been unable to complete the minimum requirements of 24 hours of volunteer service and 10 hours of continuing education in order to recertify for next year. But I still intend to be an active Master Gardener Volunteer next year.
